STATES CHASSIS RG303 GREASE

Product Descriptions

STATES CHASSIS RG303 GREASE is multi-purpose lubricants formulation with a calcium thickener and high viscosity base oils for use in moderate temperature applications. The special select tackiness agent will help the **STATES CHASSIS RG303 GREASE** to cling firmly to the moving parts such as ball joints, chassis and U-joints in the automotive and farm equipment. **STATES CHASSIS RG303 GREASE** is suitable for the lubrication of the moving parts that consist the temperatures below 70°C.

Features

- Adhere firmly to metal surface
- Economical
- Water resistant
- Mechanically stable – maintains body

Application

STATES CHASSIS RG303 GREASE is designed primarily for chassis lubrication of automotive, tractor, farm and earth-moving equipment, both in the commercial and passenger car industries. It is excellent for chassis points, shackles, bushings, wheel bearings, (on vehicles with conventional brakes), clutch throwout bearings and similar applications. It may also find use in industrial bearings and general-purpose plant operations.

TYPICAL PHYSICAL AND CHEMICAL PROPERTIES STATES CHASSIS RG303 GREASE

Test	METHOD	TYPICAL RESULTS
NLGI Grade		3
Thickener Type		Calcium
Texture		Smooth
Color		Dark Red
Penetration @ 25°C	ASTM D-217	205
Dropping Point, °C	ASTM D-2265	105
Viscosity Kinematics @ 100 °C, cSt	ASTM D-445	19.78
